

WSRU Issue 122 - July 2015

VALE DR RUSSEL PERRY AM

This week Rugby and many other associations lost a great and dedicated contributor to their causes in the passing of Dr Russel Perry. For Rugby he was a giant, having participated in virtually every aspect of our game and most recently as chairman of Rugby WA. I was fortunate to have known Russel from school days and through the rugby fraternity having both played against him, together in state teams and being refereed by him. An extremely fair and genuine decision maker and a great guy. Will be sadly missed. Wests extends their deep sorrow to the Perry family. Regards, Carl Greenwood, Senior President.
