

INTERNATIONAL ICE HOCKEY

CANADA VS USA

CANADAS VS. USA 2014 – IT'S HERE!

After a sell out tour in 2013 leaving most Australian sports fans wanting more, International Ice Hockey is back!

CANADA and USA are set to battle it out this winter in a match that is pure adrenaline, larger and louder than life and guaranteed big games, big hits and big entertainment. Coined the world's fastest sport and ranked the second toughest in the world, the tour combines the speed of AFL, unbelievable skill and some serious eye candy. Don't miss your chance to be a part of one of the most talked about events in 2014.

For the first time, Perth and Brisbane will witness the puck drop, giving locals a taste of the fast and furious action that delighted audiences in Sydney and Melbourne last year. Sydney and Melbourne will again be able to view first hand the electric atmosphere when the tour lands in July.

The teams will be compiled of players from professional leagues including NHL, AHL and ECHL, with captains Zenon Konopka (USA) and Kyle Quincey (CAN) to lead the battle. Joining the USA team will be Australian ice hockey star Nathan Walker, the first Australian to play in the AHL. Playing on home turf, Walker will undoubtedly showcase his agility and skill on the ice.

"We are so excited to be bringing the tour back to Australia, promising audiences plenty of action, rivalry and pure entertainment" **Craig Douglas, promoter Douglas Webber Group**

Hailed as Rock Stars of Ice Hockey, Konopka and Quincey are no strangers to going head to head in an incredible display of passionate aggression, with the infamous rivalry between CAN and USA ever so tense and present.

*“It’s just one of those things where it’s such a fierce rivalry and Canada and the US, they hate each other and respect each other in the same sentence” **Zenon Konopka, Captain of USA invitational team***

Both teams will be playing for Stopconcussions, a not-for-profit organisation dedicated to bringing awareness and education to the consequences of concussions and neurotrauma. Co-founder Kerry Goulet, former professional ice hockey player, experienced concussions throughout his career and is one of the most revered non-medical experts on concussion in North America. www.stopconcussions.com

*“Ice hockey is the coolest and fastest game on the planet, but like any professional sport it’s always important to make sure players are safe and educated” **Kerry Goulet, tour manager***

Get in early and purchase your tickets through www.ticketek.com.au to see Canada battle it out with USA in a game that is more than just sports, it’s pure entertainment. With ticket prices starting at \$79, don’t miss out on this opportunity to experience the athleticism and brutality right before your eyes.
